

TURQUOISE ROOM OUR LEARNING AUTUMN 2 WEEK THREE

Last week we continued our colour activities inspired by 'Wow! Said the Owl!'

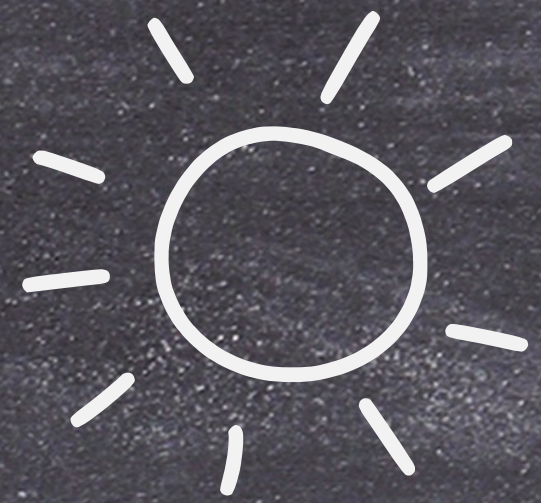

The children have been busy getting creative and have been busy making owls for our seasons tree. We loved how they dressed themselves with the feathers too in the activity. They have also thoroughly enjoyed exploring colour mixing in the tray with brushes and their hands.

We revisited colour matching, which the children have enjoyed and we have observed some of the children continue this during play too. The children have also been on colour treasure hunts. This has all helped develop their colour recognition and colour names.

We spent time learning some circle games during our group time. This is helping to develop our listening skills. This has also helped to develop personal and social development during the group activities. The Hokey Cokey has proved popular.

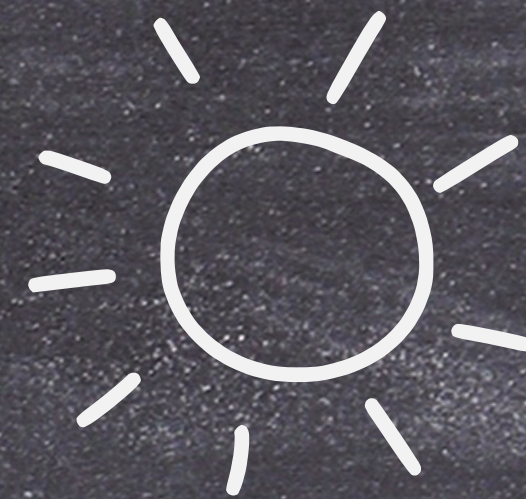

During Road Safety week we learned a new song of how to cross the road.
